Cape Town, 16 May 1868

My dear Mr. Morris,

It is an eternity I have not heard of you, – it may be that it is also long since you heard from me. It is only accidently that I hear something of you; – so lately I saw that your Chinese Form !!/ Dictionary is soon forthcoming. In the mean time I am gramatically employed, working my way through South Africa. The second part of my Comparative Grammar is now in the press.

Probably from
Dr Bleek
