My dear Dr Bleek

I am quite willing that you should come, if you risk being turned out at the end of the month but as to giving you dinner in the middle of the day that I cannot do unless you take it at the Diffen table at one o'clock

Yours truly

I am quite willing that you should come if you risk being turned out at the end of the month but as to giving you dinner in the middle of the day that I cannot do unless you take it at the Effingham table at one o'clock
