I only say dear (not  
to keep you, that dear  
lover with a answer  
are already I trust with  
you — I was to have  
used to ever put in in an  
envelope but know  
well how her hands are  
made than an envelope  
(I mean for safety) —  
of course she does  
not know of its con-  
tents — I will  
send you it in as  
soon after as you like

I'll write more  
ready for them -  
I'm much better -  
but dear Tom is but  
very tired, poorly & has  
today - You'll make  
her have a cup of  
coffee before I go home  
at 11 - if you can  
get her to leave and  
come back here to  
do her work for  
today - but she  
must do as she

likes at that -  
Goodbye with III
